About MundaMurra

MundaMurra Pty Ltd (MundaMurra) is a 100% Aboriginal owned and managed company, delivering pipelines, rail, utilities, civil and mining services. Owner and Managing Director Stewart Drage established the company in early 2020. Stewart is a Nyiyaparli Traditional Owner.

MundaMurra was established to offer a quality Aboriginal service provider in the mining and resources sector. Drawing from personal experience working and living in the Pilbara, MundaMurra is committed to delivering quality results while providing meaningful opportunities for Aboriginal people.

Key People

Stewart Drage Community Engagement Specialist

Stewart is a respected member of the Pilbara Aboriginal community with extensive business management expertise. He has lived and worked throughout the Pilbara and Gascoyne regions in the mining, pastoral and government sectors as well as managing the operations of an Aboriginal contracting business.

As a member of the Nyiyaparli language group, Stewart's traditional country covers Newman, the Chichester Ranges, Marillana, Cloud Break, Christmas Creek, Roy Hill, Yandicoogina and Hope Downs.

Stewart maintains close family and business connections with many of the indigenous communities of the wider Pilbara region including the Banjima, Nyiyaparli, Innawonga, Nymal and Martu peoples.

Mike Brauers Electrical Division Manager

Mike Brauers brings more than 16 years of experience delivering electrical solutions across Karratha and the wider Pilbara, with a deep understanding of the operational, environmental, and compliance challenges unique to remote and heavy-industry environments.

With a career spanning across mining, commercial and residential sectors, Mike has built a strong reputation for leading teams that deliver safe, reliable and efficient electrical outcomes at scale. Mike heads up MundaMurra Electrical, overseeing project delivery, electrical system design, compliance, and asset maintenance.

Mike is highly experienced in project management and team leadership, with a practical, solutions-focused approach that prioritises safety, quality, and long-term performance. His local knowledge and hands-on leadership underpin MundaMurra Electrical's ability to deliver dependable services across complex Pilbara operating environments.

About MundaMurra Electrical

MundaMurra Electrical is the electrical services division, delivering reliable, high-quality electrical solutions across Karratha and the Pilbara. With collectively more than 50 years of hands-on industry experience, the division brings deep technical expertise and practical insight into the delivery of electrical services in remote, high-risk, and heavy-industry environments.

The team has a strong understanding of the operational, environmental, and compliance challenges unique to the Pilbara and is experienced in supporting industrial, commercial, and residential projects of varying scale and complexity. Services are delivered with a focus on safety, reliability, and efficiency, ensuring solutions are fit for purpose and built to perform in demanding conditions.

MundaMurra Electrical is supported by robust systems, experienced leadership, and a disciplined delivery model. Our approach combines technical capability with strong project management and responsive service, enabling consistent, high-quality outcomes and long-term client relationships.

Services

INDUSTRIAL

- Strong focus on safety, compliance, and operational continuity
- Licensed electrical services for mine sites and industrial operations
- Installations and maintenance for fixed and mobile plant and equipment
- Steel conduit systems and heavy-duty electrical installations.

RESIDENTIAL

- Full range of residential electrical services
- Electrical upgrades, additions, and new builds
- Major renovations and domestic projects
- Consistent quality and attention to detail.

COMMERCIAL

- Electrical solutions for education, healthcare, and commercial facilities
- New installations, upgrades, and fit-outs
- Strong understanding of complex commercial project requirements
- Reliable delivery aligned to client timelines and standards.

SOLAR

- Commercial and residential solar system installations and maintenance
- Site and location specific system design and commissioning
- Reliable, efficient renewable energy solutions
- Battery backup storage solutions at any scale, small or large.

Industrial

MundaMurra Electrical delivers heavy-duty electrical services across mine sites and industrial operations throughout the Pilbara. With more than a decade of experience in demanding operational environments, the team provides robust, reliable solutions designed to perform under extreme conditions.

Our capability spans complex steel conduit systems, robust electrical installations, and ongoing maintenance across both fixed and mobile plant. Services are delivered with a strong focus on safety, compliance, and operational continuity, supporting efficient and reliable plant functionality.

Commercial

MundaMurra Electrical is an experienced electrical contractor delivering tailored commercial electrical solutions across a broad range of facilities. From education and healthcare environments to retail and commercial fit-outs, the team brings a strong understanding of complex project requirements and stakeholder expectations.

Our approach prioritises quality, reliability, and timely delivery, ensuring projects are completed to a high standard and aligned with client operational needs.

Residential

MundaMurra Electrical provides a comprehensive range of residential electrical services, supporting projects of all sizes. From minor electrical upgrades and additions through to full new builds and major renovations, the team delivers precise, reliable workmanship backed by industry best practice.

Every residential project is approached with the same commitment to quality, safety, and attention to detail, ensuring consistent outcomes regardless of scale.

Solar

MundaMurra Electrical delivers reliable, efficient solar and battery energy solutions across the Pilbara region, supporting both residential and commercial applications. The team specialises in the design and installation of high-quality solar systems tailored to site-specific requirements and operational demands.

From initial consultation through to system commissioning, MundaMurra Electrical provides end-to-end solar solutions that support sustainability objectives while delivering long-term value for clients operating in the Pilbara..

Organisational Values

AT MUNDAMURRA, OUR NAME REFLECTS OUR PURPOSE

In the traditional Nyiyaparli language, MundaMurra means “**hardworking hands**,” which, combined with our mission of **strengthening communities**, defines both what we do and how we do it.

Our core values are built around the principle of being **STOIC**:

Safety,
Teamwork,
Opportunity,
Integrity, and
Community.

These values guide our actions, inform our decisions, and shape how we support each other, our clients, and our community.

To us, being STOIC is more than just resilience. It's about taking responsibility, working together with purpose, creating opportunities, and striving for continuous improvement in every situation.

SAFETY

Health and wellbeing are the foundation guiding every decision, every task, every day.

TEAMWORK

We are stronger together, we succeed together through collaboration, with respect and shared purpose.

OPPORTUNITY

Creation of meaningful pathways through action and empowerment of all.

INTEGRITY

Commitment to quality, continually improving standards, working toward solutions, and taking ownership of outcomes.

COMMUNITY

Strengthening communities, respecting country and leaving a lasting positive impact.

Other Capabilities

In addition to its core expertise in land management, MundaMurra offers a broad range of complementary services across construction, infrastructure, environmental management, and community development. With a skilled, multi-disciplinary team and a strong focus on safety, quality, and cultural integrity, MundaMurra delivers tailored solutions that support integrated project outcomes across Western Australia, including:

➔ Project Management & Engineering

We provide expert project management and engineering services for mining infrastructure, shutdown maintenance, and commissioning.

➔ Renewable Energy

Delivering complete construction solutions for fixed plant renewable energy infrastructure, supporting clients from planning through to execution.

➔ Dewatering

MundaMurra has extensive experience in the installation, removal, and maintenance of dewatering bores across the Pilbara region.

➔ Land Management

MundaMurra Land Management provides culturally sensitive vegetation management, environmental rehabilitation services; and flora and fauna surveys along with environmental labour hire.

➔ HDPE Construction

Our team specialises in the construction of high-density polyethylene (HDPE) pressure piping systems for mining and industrial applications.

➔ MSCL Pipeline Construction

MundaMurra constructs mild steel concrete-lined (MSCL) pipelines with the skill and efficiency required for remote and large-scale projects.

➔ Building

We design, supply, and install modular buildings and accommodation units, with fully engineered plans and tailored support services.

➔ Fencing

Supply and install of fencing solutions to meet site-specific requirements and Australian Standards for mining and resource projects.

➔ Controls

We deliver full-service rail infrastructure works, including construction, maintenance, structural repairs, and specialist plant supply across rail environments.

➔ Tank Construction

MundaMurra constructs steel tanks for industrial use, with experience in delivering quality installations to meet project and safety standards.

➔ Power & Lighting Supply

MundaMurra Power brings locally operated, high-standard hire solutions to the Pilbara, supporting clients with quality, mine-ready equipment such as generators and lighting towers.

➔ Quarry Products

Pilbara Quarries supplies quality quarry products and civil support services tailored to the unique needs of the Pilbara region.

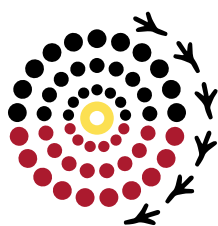

➔ Mining Supplies

MundaMurra Mining Supplies offers high-performance, eco-friendly engine products such as coolants and flushes, backed by expert support and service.

➔ Scholarships

We fund a four-year training, mentoring, and financial support program to develop emerging Pilbara business and community leaders.
